

Titanium® ProTOP™ Professional Chainsaw Bars

GB®'s premium professional chainsaw bar is designed to out-perform all other products on the market. We at GB® are proud of our complete range of bars, but this is the best of the best. All our years of experience and advanced technology have been included in the manufacturing process to ensure this bar is the strongest in the world. GB® consistently endeavors to be in the forefront of the market by using the latest and best quality materials available. GB®'s quality control team inspects every bar to guarantee that you will receive a bar that meets or exceeds GB®'s very high expectations.

Features & Benefits

- One-piece Titanium alloy steel body
- Laser-cut for precision shape and fit.
- Precision-ground grooves.
- Hardest wearing rails in the world.
- Increased flexibility in the bar body.
- Easy nose replacement.
- Nose side plates made of hardened Titanium alloy steel.
- During hardening, the nose side plates are injected with Carbon Nitride, which guarantees that Pro-Top™ is the hardest-wearing replaceable sprocket nose in the world.
- Nose self-locks over a solid steel web on the bar body, held firmly together by three high-tensile rivets.
- Super-tough, high-tech alloy sprocket glides on precision Swiss bearings.

Titanium® ProTOP™ Replacement Nose
